American Institute of Architects Announces Winners of 22nd Annual People's Choice Awards

Building a great community requires great architecture. Who better to identify that great architecture than the community to whom it's been given? Such has been the reasoning behind the People's Choice Awards, sponsored by the Southwestern Oregon chapter of the American Institute of Architects (AIA), in collaboration with the Willamette Valley section of the American Society of Landscape Architects (ASLA).

Each year at the Eugene Celebration, local AIA and ASLA members present their best work for consideration. Anyone can vote, in each of seven categories:

- Residential Design
- Commercial Design
- Public/Institutional Design
- Residential Landscape Architecture
- Commercial Landscape Architecture
- Interior Design
- Multi-Family Housing Design

AIA and ASLA members are encouraged to vote on the projects as well, producing a second set of winners of the Colleagues' Choice Awards. Eugene Mayor Kitty Piercy also chose her favorites. People's Choice (PC), Colleagues' Choice (CC), and Mayor's Choice (MC) winners:
